The following shows the Booking Export set up required by AudioNET for the Media Wizard and to produce AirCheck Compliance Reports.

1. From the Buying/Export menu, select Booking Export.
2. On the Medium tab, filter to media type Radio.
3. On the Export Options tab, change Detail Level option to “Spot”.
4. On the Columns tab, set up the columns shown below (the left column).

5. Once you have defined the Selected Columns as shown above you should save your Report Definition as a Corporate Report so all users will have access to the saved report.
